

BOARD OF STUDIES CURRICULUM REVIEW MEETING FOR ENVIRONMENTAL STUDIES

- Suggested to give assignments in the form of model preparation.
- Advised the faculty to use present day practical examples.
- Get attain better results, she suggested us to allow the students to give a write and to prepare some bits on the topic which was taught on the previous day and then assess the written answer on their which allows the student to know their mistakes.
- Mentioned to explain the different types in which a question can be given in the examinations.
- Suggested to carry forward with the ENVIRONMENTAL DIARY.
