ABOUT ADITYA

Aditya, the premier promoter of quality education in the coastal districts of Andhra Pradesh for the past two decades, leads various institutions ranging from K.G to P.G besides professional colleges like Engineering, Pharmacy and Nursing. Sri Nallamilli Seshareddy as a founder chairman, promoted the educational society in the name and style of Aditya Academy at Kakinada in the year 1984, with a vision and mission to create a platform for holistic growth and success to students at all levels.

Aditya has made its entry into the educational arena with a public school to meet the needs of primary and secondary education. In succession and with rapid strides, the academy established a number of Junior Colleges, Degree Colleges, PG Colleges, Engineering Colleges, Pharmacy Colleges, Nursing Colleges, Teacher Training Institutions.

Aditya Engineering College was established in the academic year 2001-02 under the aegis of Aditya Academy, Kakinada with the approval of AICTE and Affiliated to JNTU with an intake of 180 in three UG Courses in Engineering & Technology.

The College is situated in an eco-friendly area of 180 acres with thick greenery at Surampalem, Gandepalli Mandal, East Godavari District, Andhra Pradesh. The College is 15 KM away from Samalkot Railway Station on Howrah-Chennai Railway line in South Central Railway. The College is 30 Km awvay from Kakinada and Rajahmundry on ADB Road.

ADITYA ENGINEERING COLLEGE

Aditya Nagar, ADB Road, Surampalem.

Two Day Workshop on

Exploration of Attainment and Evaluation Programme Outcomes and Course Outcomes

15th - 16th FEBRUARY 2023

Organised by
Internal Quality Assurance Cell

ABOUT WORKSHOP

In this Workshop on Quality Enhancement Practices and AQAR Reporting by IQAC for the quality enhancement in Indian higher education system is in the brink of great transformations to cope with global competencies. The Workshop focuses on the various quality initiatives to be taken by Higher Education institutions for the enhancement of quality education, which includes curricular framing, ensuring a highly specialised teaching fraternity to implement innovative best practises in the institutions, maintaining quality standards in teaching, learning, and evaluation, promoting co-curricular, extra-curricular, and other types of activities as a part of asserting quality in the teaching, and promoting co-curricular, extra-curricular, and other types of activities. In addition to the foregoing, the seminar intends to highlight the importance of the IQAC as a capable body to administer various academic/educational activities in the institution, such as conducting internal academic as well as administrative audits, arranging feedback response from students, parents, and other stakeholders on quality related institutional processes, and preparing the Annual Quality Assurance Report (AQAR) in accordance with the guidelines and parameters of NAAC.

OBJECTIVES OF WORKSHOP

• Create a structure to foster purposeful, consistent, and catalytic action plans to improve the institution's academic and administrative performance.
• To promote institutional quality enhancement and sustainability by internalising quality culture and institutionalising best practises.
• To promote quality culture as the primary priority of Higher Education Institutions by institutionalising and internalising all quality-enhancing and sustainability activities undertaken with both internal and external support.

ABOUT PRAGATHI

Pragati Engineering College, Surampalem was established in 2001 by the Gayatri Educational Society. The Institute is placed in an area of 25 acres of land giving wide academic and infrastructural facilities. It is affiliated to the Jawaharlal Nehru Technological University, Kakinada, accredited by NAAC and approved by AICTE. It offers admissions at UG and PG levels with 1020 and 108 seats respectively in Engineering stream. Admissions are entrance based. Pragathi Engineering College attempts to integrate classroom learning with industry exposure to ensure the application of knowledge during the course of study itself. The objective is to prepare young students to act as leaders for the promotion of the economic and industrial growth of the country and to play a creative role in society.

We focus on imparting skills on cutting - edge technologies to our students. Quality research in the areas of science and technology is given considerable importance here. Our major strength comes by forging strong industry - academic linkage. The institute celebrates freedom of taught, cultivates vision and encourages growth and also inculcates human values and concern for the environment and society.

ABOUT IQAC

Internal Quality Assurance Cell (IQAC) has been established in the college as proposed by UGC and NAAC. The prime task of the IQAC is to develop a system for conscious, consistent and catalytic improvement in the overall performance of the Institution. It is the part of the Institution's system and work towards realization of the goals of quality enhancement and sustained development. The aim of the IQAC is to develop a system of conscious, consistent and catalytic action to improve the academic and administrative performance of the Institution and to promote measures for Institutional functioning towards quality enhancement through Internalization of quality culture and Institutionalization of best practices.

ABOUT DIET

Dadi Institute of Engineering & Technology (DIET) is a self financing Engineering College Established in 2006. It is sponsored by The Sarada Educational Trust which is established by academician, former minister and opposition leader of the State Legislative Council of Andhra Pradesh Sri Dadi Veerabhadra Rao. His sole objective is to empower the rural youth with high quality cutting edge technical education for the development of the region and subsequently the Nation. The college is making greater strides in the field of technical education and has emerged as prefered institute under Jawaharlal Nehru Technological University Kakinada, Andhra Pradesh. The campus is located adjacent to National Highway-16 at Anakapalle, Visakhapatnam in Andhra Pradesh.

The college is approved by AICTE, New Delhi and it is permanently affiliated to Jawaharlal Nehru Technological University Kakinada, Andhra Pradesh.

Our Institute is accredited by NAAC in 2017 for a period of 5 years.

ABOUT THE IQAC

Quality enhancement is a continuous process, the IQAC become a part of the institution's system and work towards realisation of the goals of quality enhancement and sustenance.

The prime task of the IQAC is to develop a system for conscious, consistent and catalytic improvement in the overall performance of institutions. The work of the IQAC is the first step towards internalization and institutionalization of quality enhancement initiatives. Its success depends upon the sense of belongingness and participation in all the constituents of the University. It will not be yet another hierarchical structure or a record-keeping exercise in the University.

IQAC will be a facilitative and participative voluntary system/unit/organ of the University. It has the potential to become a vehicle for ushering in quality enhancement by working out planned interventionist strategies for IQAC to remove deficiencies and enhance quality like the "Quality Circles" in industries.

ABOUT WORKSHOP

In this two-day workshop on field of practice of quality initiatives by IQAC for the quality enhancement in Indian higher education system is on the brink of great transformations to cope with global competence. The workshop focuses on the various quality initiatives to be taken by Higher Educational institutions for the enhancement of Quality education i.e., from the Curriculum Framing, Ensuring a highly specialized teaching fraternity to implementing innovative best practices in the institution, To maintaining quality standards in teaching, learning and evaluation, Promoting co-curricular, extra-curricular and other types of activities as a part of asserting quality in teaching, learning and evaluation, Promoting stimulate and monitoring the internal evaluation of the students, e.g., tests, tutorials, assignments, practicum's, and projects etc. In addition to the above, the workshop is also proposing to enlighten the importance of IQAC as a capable body to administer various academic/educational activities in the institution like, conducting internal Academic as well as Administrative Audits, Arrangement for feedback response from students, parents and other stakeholders on quality-related institutional processes and Preparation of the Annual Quality Assurance Report (AQAR) as per guidelines and parameters of NAAC, to be submitted to NAAC.

OBJECTIVES OF WORKSHOP

1. To obtain strategic initiatives for sustainable quality enhancement.

2. To enlighten self-confidence to strengthen the existing standards of institutions in the direction of revised accreditation framework of NAAC.

3. To imbibe the consistency, accountability and innovative thoughts through IQAC in Higher Education Institutions

Two Day Workshop on

QUALITY ENHANCEMENT PRACTICES AND AQAR REPORTING

17th - 18th March 2022

ABOUT REC

Raghu Engineering College (Autonomous) is an engineering college located in the outskirts of the city of Visakhapatnam, Andhra Pradesh, India. Established in 2001, it is situated on NH-43, 37 km away from Visakhapatnam and 15 km away from Vizianagaram. It is an AICTE; New Delhi approved engineering institution and is affiliated to JNTU Kakinada.

The chairman is Kalidindi Raghu an academician. His only goal is to provide high-quality, cutting-edge technical education to rural children for the growth of the region and, ultimately, the region. The college is making more progress in technical education.

The 40-acre (160,000 m2) campus of Raghu Engineering College is home to the infrastructure, faculty and support facilities. While providing an on-campus residence for students, the college has its own transport facility from Visakhapatnam, Vizianagaram and Bheemunipatnam for the day scholars.

Facilities include a library, computer labs for various purposes, separate CAM and CAD labs program guided machine operations and sports complex.

ABOUT IQAC

Quality enhancement is a continuous process, the IQAC become a part of the institution's system and work towards realisation of the goals of quality enhancement and sustenance.

The prime task of the IQAC is to develop a system for conscious, consistent and catalytic improvement in the overall performance of Institute. The work of the IQAC is the first step towards internalization and institutionalization of quality enhancement initiatives. Its success depends upon the sense of belongingness and participation in all the constituents of the Institute. It will not be yet another hierarchical structure or a record-keeping exercise in the Institute.

IQAC will be a facilitative and participative voluntary system of the Institute. It has the potential to become a vehicle for ushering in quality enhancement by working out planned interventionist strategies by IQAC to remove deficiencies and enhance quality like the "Quality Circles" of the Institute.

ABOUT GMRIT

A premier Institute in higher education, GMR Institute of Technology - GMRIT is grounded in Andhra Pradesh - Other, Andhra Pradesh since 1997. A student can pursue any program from the Institute which Degree courses including 18 UG and 7 PG courses. These programs are offerred in Full Time mode. GMR Institute of Technology - GMRIT is a reputed institute for B.E. / B.Tech, M.E./M.Tech courses. Students can chose from these programs to persue their career in higher studies. Institute enjoys a good reputation for courses like B.E. / B.Tech, M.E. /M.Tech in the streams of Engineering Students can opt courses from these. GMR Institute of Technology - GMRIT gave you offer to gained expertize through its trained and experienced faculty in the fields of Power Engineering, Civil Engineering, Computer Science Engineering, Electronics & Communication Engineering, Information Technology, Chemical Engineering, Electrical Engineering, Mechanical Engineering, Artificial Intelligence & Machine Learning, Environmental Engineering, Transportation Engineering, VLSI Design. Institue offered courses that are approved by AICTE. Courses offered by GMR Institute of Technology - GMRIT for total of 1350 candidates. Courses offered by the Institute are in the fee range of INR 90,000-303,000 for a total of 1350 candidates. Institute has a well supported campus with facilities like Auditorium, Boys Hostel, Cafeteria, Convenience Store, Girls Hostel, Gym, Hospital / Medical Facilities, Hostel, Labs, Library, Shuttle Service, Sports Complex, Wi-Fi Campus..

SEMINAR THEME

The seminar on 'Outcome Based Education (OBE)', the structural part of OBE, and the meaning of various components of OBE have been emphasized. But, how to implement OBE in colleges and universities by the faculty was not given any importance. The faculty must be trained in formulation of learning outcomes at course level, unit level and class session level. The faculty must be trained in the Outcome-based, students-centered teaching- learning strategies and instructional design. The faculty must also be given training in the Outcome-based assessment strategies and setting assignment questions and test-paper questions with an outcome-based approach. This Programme is essentially designed to empower the faculty members with the outcome-based teaching, learning and assessment strategies. This Seminar is also unique in the sense that the morning sessions are devoted to the highly interactive lecture sessions and the afternoon sessions are devoted to provide hands-on experience to participants on formulation of learning outcomes, instructional design and question paper design. This seminar itself is designed with an 'Outcome-based and participant-centered' approach.

OBJECTIVES SEMINAR

For newly-recruited faculty members, Intensive Teaching Workshops are to be arranged to explain the teaching requirements and general information of the programme. Speakers who expertise in IQAC from other institutions or senior academic staff from academic departments invited to give seminars and share their experience.

RAGHU ENGINEERING COLLEGE

ABOUT RIT

A renowned institution of higher learning, Raghu Institute of Technology has its roots in Visakhapatnam, Andhra Pradesh since 2007. it is situated on NH-43, 37 km away from Visakhapatnam and 15 km away from Vizianagaram. Institute offers 12 courses which are Degree in Full Time mode. Raghu Institute of Technology offers a variety of 8 UG courses. The private institute has been accredited with Grade A by NAAC. When it comes to choosing a good Institute for higher learning, Raghu Institute of Technology comes to mind. Student has the option to choose courses like B.E. / B.Tech, M.E./M.Tech with stream of Engineering Institute gives opportunity to gain professional level expertize through its trained and experienced faculty in the fields of Civil Engineering, Electrical Engineering, Computer Science Engineering, Artificial Intelligence & Machine Learning, Electronics & Communication Engineering, Mechanical Engineering, Power Engineering, Electronics Engineering. Courses offered by institute are well recognized and acknowledged by approving body like AICTE.

ABOUT IQAC

Internal Quality Assurance Cell (IQAC) has been established in the college as proposed by UGC and NAAC. The prime task of the IQAC is to develop a system for conscious, consistent and catalytic improvement in the overall performance of the Institution. It is the part of the Institution's system and work towards realization of the goals of quality enhancement and sustained development. The aim of the IQAC is to develop a system of conscious, consistent and catalytic action to improve the academic and administrative performance of the Institution and to promote measures for Institutional functioning towards quality enhancement through Internalization of quality culture and Institutionalization of best practices.

A Two Day Workshop on

Quality Enhancement in Higher Education in India

16th - 17th DEC 2019

RAGHU INSTITUTE OF TECHNOLOGY
Visakhapatnam

Organised by
Internal Quality Assurance Cell

About Workshop

In this Workshop on Quality Enhancement in Higher Education in India by IQAC for the quality enhancement in Indian higher education system is in the brink of great transformations to cope with global competencies. The Workshop Quality Enhancement in Higher Education in India needs overhauling of the whole system. Though India has one of the largest higher education systems in the world, there are certain challenges being faced by the country in the modern competitive world. This is an age of transformation in the education world and it is the prime agenda of all the countries with an international dimension. To go with equal pace with the developed nations and to meet the international standards, assurance of quality education is mandatory. The teachers and the taught need to be made aware of the upcoming changes and a desire to adapt them. The education has to be made student centric and the gap between education and employability needs to be bridged. The students need to be research oriented and education should be project based. It has to be more practical and less theoretical. The vocational training would definitely help students acquire the much needed skills to be more versatile and it would help them enhance their eligibility for good jobs available in the market quality related institutional processes.

Objectives of Workshop

• Create a structure to foster purposeful, consistent, and catalytic action plans to improve the institution's academic and administrative performance.

• To promote institutional quality enhancement and sustainability by internalising quality culture and institutionalising best practises.

• To promote quality culture as the primary priority of Higher Education Institutions by institutionalising and internalising all quality-enhancing and sustainability activities undertaken with both internal and external support.

ABOUT NSRIT

Nadimpalli Satyanarayana Raju Institute of Technology (Formerly Known as VITS College of Engineering) was established in the year 2008 by Sree Veera Venkata Satyanarayana Educational Society. NSRIT offers quality education and technical competencies on the strong foundation of values, ideals and rich culture to the students across the country and beyond. NSRIT attempts to integrate classroom learning with industry exposure to ensure the application of knowledge during the course of study it self. The objective is to prepare young students to act as leaders for the promotion of the economic and industrial growth of the country and to play a creative role in society.

We focus on imparting skills on cutting - edge technologies to our students. Quality research in the areas of science and technology is given considerable importance here. Our major strength comes by forging strong industry - academic linkage. The institute celebrates freedom of taught, cultivates vision and encourages growth and also inculcates human values and

ABOUT WORKSHOP

In this Workshop on Quality Enhancement Practices and NAAC proposes that every accredited Institution should establish an IQAC as a post accreditation quality sustenance measure. Since quality enhancement is a continuous process, the IQAC will become a part of an Institution's system and work towards realizing the goals of quality enhancement and sustenance. The prime task of the IQAC is to develop a system for conscious, consistent and catalytic improvement in the performance of institutions. The IQAC will make a significant and meaningful contribution in the post accreditation phase of Institutions. During the post accreditation period, the IQAC will channelize the efforts and measures of an institution towards academic excellence. AQAR Reporting by IQAC for the quality enhancement in Indian higher education system is in the brink of great transformations to cope with global competencies. The Workshop focuses on the various quality initiatives to be taken by Higher Education institutions for the enhancement of quality education, which includes curricular framing, ensuring a high', specialised teaching fraternity to implement innovative best practises in the institutions, maintaining quality standards in teaching, learning, and evaluation, promoting co-curricular, extra-curricular, and other types of activities as a part of asserting quality in the teaching, and promoting co-curricular, extra-curricular, and other types of activities. In addition to the foregoing, the seminar intends to highlight the importance of the IQAC as a capable body to administer various academic/educational activities in the institution, such as conducting internal academic as well as administrative audits, arranging feedback response from students, parents, and other stakeholders on quality related institutional processes, and preparing the Annual Quality Assurance Report.

OBJECTIVES OF WORKSHOP

• Create a structure to foster purposeful, consistent, and catalytic action plans to improve the institution's academic and administrative performance.

• To promote institutional quality enhancement and sustainability by internalising quality culture and institutionalising best practises.

• To promote quality culture as the primary priority of Higher Education Institutions by institutionalising and internalising all quality-enhancing and sustainability activities undertaken with both internal and external support.

ABOUT LENDI

Lendi College is a premiere Institution is established in 2008 by a divine body of committed intelligentsia under the aegis of Sai Dhamam Educational Trust of Visakhapatnam to cater to the needs of young graduates of technology. It is on national highway near to both vizag and vizianagaram having a lush green campus with eco-firendly environment. Its vision is to produce globally competent and quality technocrats with human values for the holistic needs of industry and society.

Lendi is an Autonomous College which is spread to all directions with a strength of over 2600 students and above 200 faculty. College is accredited by NAAC with "A" Grade, NBA with four branches and permanently affiliated by JNTU Gurajada, Vizianagaram.

Under the guidance of Dr. V.V. Rama Reddy, a model personality having two decades of teaching and administrative experience, Lendi offers various technical courses, efficient and experienced faculty members dedicated in teaching, encouraging students to have practical exposure, individual attention etc have made Lendi famous for its teaching traits. Offering counselling to the identified slow learners, student teacher adoption program, and allocation of choice based internships to the students during vacation for the practical exposure are the extensive practices which made LENDI a hallmark for quality engineering education.
