towards Higher Education  
and Placements

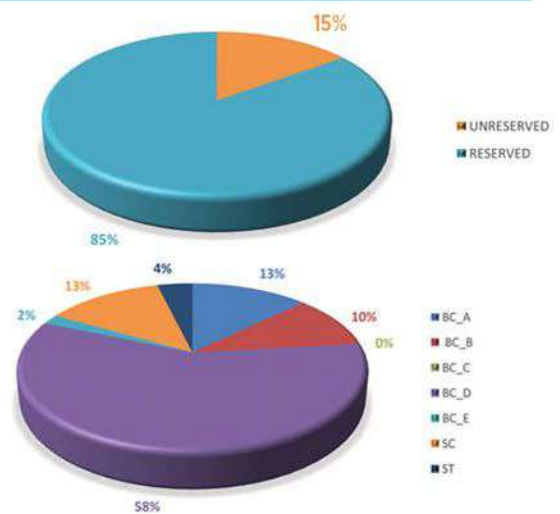

## “Our Epic Saga of Success for Placements” - Result of following Training Phases

At VIIT(A) quality initiatives are implemented to ensure that the curriculum is designed in tune with the regional, societal and global needs. Since majority of students joining VIIT(A) are from rural background, their communication skills in English are enhanced by offering Cambridge certified BEC and courses. In addition to it, concrete foundation is laid with due weightage given for Engineering courses. Core components are given high weightage in the curriculum and students are given the option to choose open electives from a wide array of programmes which promotes interdisciplinary nature that is need of the hour. Curriculum embedded with skills and project based learning enables students to learn by doing. Semester-long internship orients students towards work culture and industrial needs. In addition to it, value added courses, workshops, seminars delivered by eminent personnel from academia and industry contributes effectively to the teaching learning process. Online feedback system is in place to reach stake holders far and wide to collect feedback for making minor or major revision in the curriculum from time to time.

## Admissions

VIIT(A) draws Academically weaker background youth from predominantly lower and middle class sections. 85% of students are from reserved category with annual income of parents less than 3 lakhs rupees.

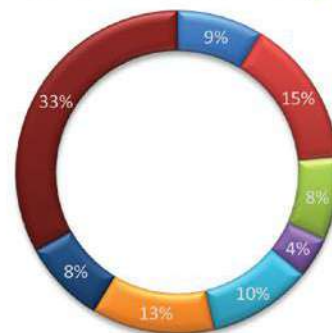

## Entry level scholarships

VIIT(A) students receive scholarships from Government of India and freeships provided by the Institute & Non Government organisations and various concessions in academics and other facilities for the economically weaker sections and encourage merit students.
